Respected Friends and Colleagues,

On behalf of the organizing committee, it is my pleasure to cordially invite you to participate in the 9th International Conference on Nanoscience and Technology, China (ChinaNANO 2023), to be held from August 26-28, 2023 in Beijing, China. The ChinaNANO conferences have been held biennially since 2005, and have garnered great success in the field of nanoscience. The conference on 2021 was suspended due to the COVID-19 pandemic.

After a four-year hiatus, ChinaNANO 2023 is a highly anticipated international nanotechnology conference that will provide an unparalleled opportunity for global colleagues to reconnect and engage in discussions on the latest scientific breakthroughs, technological advancements, and emerging trends in the field. As the largest and most prestigious conference on nanotechnology in Asia and beyond, ChinaNANO 2023 is expected to draw more than 2,500 participants.

Our distinguished conference will feature keynote lectures by eminent scientists and industry experts, who will preside over theme-based sessions and stimulate engaging dialogues on the burgeoning issues in the field. Furthermore, specific forums, including a 4th edition of the highly successful Nanotechnology Industry Forum, a National Science Review Forum, and other symposia co-established with preeminent academic publishers, will be organized to foster academic and business networking, science-industry interactions, future collaboration and partnerships, and to provide a platform for young scientists to showcase their research and advance their careers.

Further details regarding scientific topics, abstract submission, registration, vendor exhibition, hotel reservations, and other important information will be announced in the near future on our website. We welcome your valuable feedback and suggestions to help us ensure the success of ChinaNANO 2023. We look forward to your participation in this exciting event and to welcoming you to Beijing in August 2023).

I look forward to meeting you in *ChinaNANO 2023*.

Sincerely Yours,

Chunli Bai
Chinese Academy of Sciences

Yuliang Zhao
National Center for Nanoscience and Technology, China

ChinaNANO 2023

August 26–28, 2023, Beijing, China

Conference Chairs

Prof. Chunli Bai
Chair

Chinese Academy of
Sciences,
China

Prof. Yuliang Zhao
Executive Chair

Director of National Center for
Nanoscience and Technology,
China

Plenary Speakers

Prof. Jeffrey Brinker

The University of New
Mexico, USA

Prof. Vivian Wing-Wah Yam

The University of Hong Kong,
China

Prof. Xiyun Yan

Institute of Biophysics,
Chinese Academy of
Sciences

Prof. Kam W. Leong

Columbia University, USA

Prof. Luis Liz-Marzan

CIC biomaGUNE, Spain

Prof. Patrick J. Sinko

The State University of
New Jersey, USA

ChinaNANO 2023

August 26–28, 2023, Beijing, China

Organized by _____

National Center for Nanoscience and Technology, China

Supported by _____

Ministry of Science and Technology of China

Ministry of Education of China

National Natural Science Foundation of China

Chinese Academy of Sciences

China Association for Science and Technology

Registration _____

Please complete your registration through the conference website: <http://www.chinanano.org.cn>

Foreign Delegate		Before June 30	After June 30
Regular participant	on-site meeting	US\$ 600	US\$ 660
Student	on-site meeting	US\$ 400	US\$ 460

国内代表		6月30日前	6月30日后
正式代表	线下参会	RMB2500	RMB3000
学生	线下参会	RMB1800	RMB2300

Note: Since banks are now restricting online payments for credit cards outside China, you can pay the registration fee either by remittance or by on-site credit card payment.

ChinaNANO 2023

August 26–28, 2023, Beijing, China

Abstract

1. Delegates of the meeting may submit an abstract through the conference website, which must be written in English and submitted by the author.

All submissions will be reviewed by the Conference Science Project Committee. In addition to a selection of abstracts for oral presentations in each topic-specific session, all the other accepted abstracts will be invited to present in our Poster Sessions.

2. The “ChinaNANO 2023 Outstanding Poster Award”, will be selected from the poster sessions.

Abstract submission deadline: May 31, 2023

Venue

Beijing International Convention Center (BICC)

Beijing International Convention Center is a five-star convention center with over 50 meeting rooms in various configurations and 5,000 square meters of space for exhibition. Located in the Beijing Olympic Business District, a flourishing area of the city featuring diverse hotels, businesses, shopping malls and entertainment venues, it is conveniently accessed by public transportation. BICC has hosted many previous editions of *ChinaNANO* conference, and has delivered excellent business service.

BICC is also partnered with Beijing North Star Continental Grand Hotel, situated directly west of the Convention Center, for convenient accommodation during the conference.

Exhibition

Exhibitions dedicated to the latest products and services in nanoscience and technology will be held during the whole conference at BICC. Research institutes, scientific instrumentation companies, scientific publishers and industrial enterprises are welcome to participate. Details for exhibitions please log on to the official website.

For exhibitors or sponsors who would like to contribute, please contact our conference secretariat at chinanano-exh@nanoctr.cn

Working Language

English will be the official language at *ChinaNANO 2023*
