

ChinaNANO 2021

August 28-30, 2021, Beijing, China

Dear Friends and Colleagues,

On behalf of the organizing committee, I would like to invite you to join us for the 9th International Conference on Nanoscience and Technology, China (*ChinaNANO 2021*), which will be held in **August 28-30, 2021** in Beijing, China. The *ChinaNANO* conferences are the biennial events starting from 2005, all held in Beijing with great success.

Having claimed a rapidly growing audience within and out of the field of nanoscience, *ChinaNANO* will continue its engagement as an all-in-one platform for scientific conversation, industrial collaboration and strategic planning. Our 2021 conference will again bring together innovators and contributors from all parts of the global nanoscience and technology community, to share scientific breakthroughs, technological advances, progresses in industry sectors, and emerging opportunities and challenges. This meeting will also be a forum to discuss our impact on and responsibility towards society in general.

Prestigious scientists and industry pioneers will preside over theme-based sessions to stimulate dialog on the burgeoning issues in the field. Specific forums, including a 4th edition of the highly successful Nanotechnology Industry Forum, a National Science Review Forum, and other Symposia co-established with preeminent academic publishers will be organized to foster academic and business networking, science-industry interactions, future collaboration and partnerships, as well as to encourage young scientists to share their research and to facilitate their career development.

Details of the scientific topics, abstract submission, registration, vendor exhibition, hotel reservation and other important information will follow in upcoming announcements and on our website. We welcome your suggestions and comments for the organizing committee of *ChinaNANO 2021* (chinanano2021@nanoctr.cn).

I look forward to meeting you in *ChinaNANO 2021*.

Sincerely Yours,

Chunli Bai

Topical Sessions

1. Carbon Nanomaterials
2. Inorganic and Porous Nanomaterials
3. Optoelectronics and Printing Devices
4. Advanced 2D Nanomaterials and Devices
5. Nano-composites and applications
6. Nanocatalysis
7. Energy Nanotechnology
8. Nanophotonics and Optoelectronics
9. Nanocharacterization and Metrology
10. Modeling and Simulation of Nanostructures
11. Biological and Bioinspired Nanomaterials
12. Nano-bio Analysis, Nanobioimaging and Diagnostics
13. Nanobiotechnology and Nanomedicine
14. Safety, Environment and Health of Nanomaterials

Abstract

1. Delegates of the meeting may submit an abstract through the conference website, which must be written in English and submitted by the author. Each author can submit up to two abstracts. All submissions will be reviewed by the Conference Science Project Committee. Abstracts not selected by the branch as oral reports will all be included in the online/offline poster. People attending offline meetings can present offline presentations. Participants complete their registration through the conference website and submit an abstract.

Abstract submission deadline: July 15, 2021

2. Oral reports and e-poster presentations: The person applying for online presentation must submit an abstract of the paper so that the person in charge of the topical session can schedule the presentation.

Oral report and poster presentation application deadline: July 15, 2021

3. The conference set up "ChinaNANO 2021 Outstanding Poster Award", will be selected online.

ChinaNANO 2021

August 28-30, 2021, Beijing, China

Venue

Beijing International Convention Center (BICC)

Beijing International Convention Center is a five-star convention center with over 50 meeting rooms in various configurations and 5,000 square meters of space for exhibition. Located in the Beijing Olympic Business District, a flourishing area of the city featuring diverse hotels, businesses, shopping malls and entertainment venues, it is conveniently accessed by public transportation. BICC has hosted many previous editions of *ChinaNANO* conference, and has delivered excellent business service.

BICC is also partnered with Beijing North Star Continental Grand Hotel, situated directly west of the Convention Center, for convenient accommodation during the conference.

Exhibition

Exhibitions dedicated to the latest products and services in nanoscience and technology will be held during the whole conference at BICC. Research institutes, scientific instrumentation companies, scientific publishers and industrial enterprises are welcome to participate. Details for exhibitions please log on to the official website.

For exhibitors or sponsors who would like to contribute, please contact our conference secretariat at chinanano2021exh@nanocr.cn.

Working Language

English will be the official language at *ChinaNANO* 2021.
