

ChinaNANO 2022

The 9th International Conference on Nanoscience and Technology, China 2022

August 13-15, 2022 | Beijing

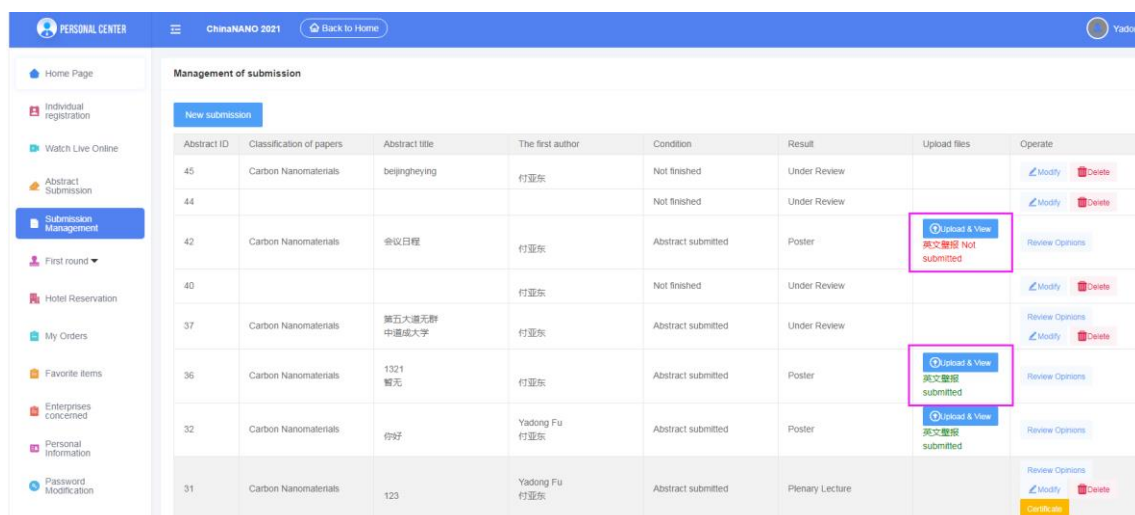

Dear Wall author,

Thank you for your support and participation in China International Conference on Nanoscience and Technology(ChinaNANO2022)! Please refer to this poster upload manual to complete your file upload. The file upload format is limited to PPT (suffix PPT or PPTX) and needs to be made according to the template qualified by the meeting.

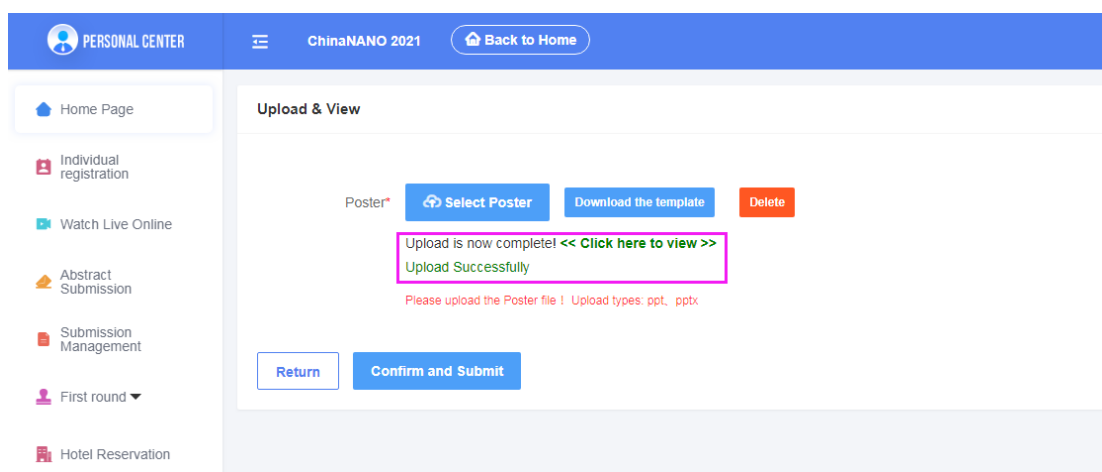

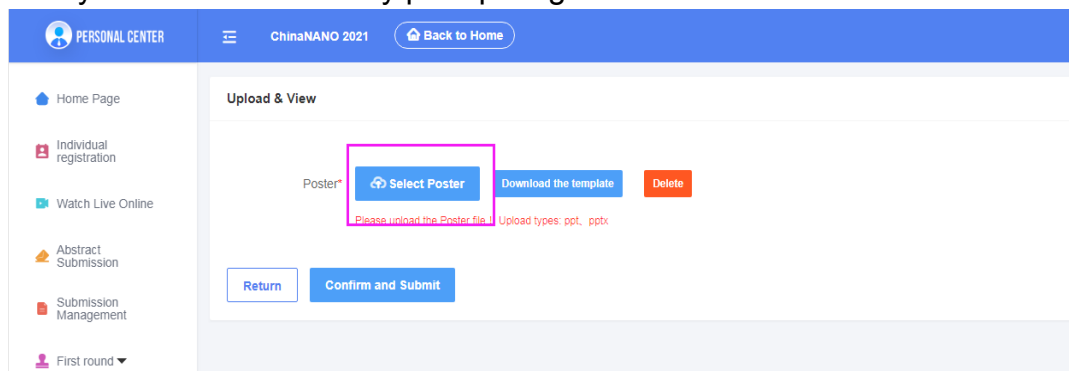

- 1、 On the home page of the website, click on 【Registration & Abstracts】 to enter the information and log in to the Personal Center.

- 2、 After entering the Personal Center, check 【Result】 and click on the 【Upload & View】 button at the red box to upload the Poster(pictured at the red box).

3、 Once you click the upload button, you will jump to the page shown below and click 【Select Poster】 to upload the file. After the upload is successful, the system will successfully prompt in green.

Tip: Only poster that conform to the Conference template can be exhibited in follow-up. Be sure to download the template file for wall reporting.

4、 After the file upload is completed, click on 【Confirm submission】 and pop up 【Save successfully】 as the upload is successful. You can click the upload button again after you have finished uploading, click on the 【click to view】 and check the uploaded poster again.

If you are not satisfied after uploading, please make changes by **July 14**. The expected changes should be communicated to the meeting group by mail after the modification, otherwise it will affect the update of your wall report in the presentation system.

After the deadline for the upload of the poster, all manuscripts will be

organized and included and displayed by the conference team.

If you experience technical or other problems in your poster upload, please contact us.
